

CALL FOR PAPERS

RENEWING THE FACE OF THE EARTH: The Church and the Order of Creation

October 29-31, 2009
The St. Paul Seminary School of Divinity
St. Paul, Minnesota

The aim of this conference is to grasp anew the philosophical and theological principles that illuminate the problem of the environment and point toward a deeper understanding of the way forward.

We invite papers that bring the wisdom of the Catholic Intellectual Tradition, especially that of St. Thomas Aquinas, to the articulation of an adequate vision of responsible stewardship – one that is coherent, meaningful and faithful.

Proposals are due June 1, 2009,
to Dr. Deborah Savage at pdsavage@stthomas.edu.
